about the School

Dev Bhoomi School of Architecture is committed to developing creative, innovative, and socially responsible professionals in the fields of architecture and design. The school offers industry-oriented programs that blend theoretical knowledge with practical application, enabling students to address contemporary challenges in the built environment.

With a strong emphasis on sustainable design, urban development, digital technologies, and creative problem-solving, the curriculum prepares students for successful careers in architecture, planning, and design. The school is supported by modern infrastructure, including design studios, computer labs, workshops, and specialized laboratories that promote experiential learning and innovation.

Guided by experienced faculty and enriched through hands-on projects, research opportunities, and industry exposure, students gain the skills, confidence, and professional competence required to excel in a rapidly evolving global landscape.

Courses offered

DBUU offers Architecture programmes through its School of Architecture in Dehradun, providing students with a dynamic and inspiring learning environment. The School is dedicated to fostering academic excellence, creativity, and innovation through a blend of theoretical knowledge and practical exposure. Supported by modern design studios, advanced computer laboratories, specialized workshops, and experienced faculty members, the programme equips aspiring architects with the skills, technical expertise, and design thinking required to excel in the evolving field of architecture.

Dev Bhoomi School of Architecture offers the following programmes under Diploma and Undergraduate categories:

Diploma Programme

II Diploma in Architecture (D. Arch) - Duration : 3 Years

Eligibility — The candidate must have passed class 10th from any recognized Board are eligible to apply for admission.

Undergraduate Programme

II Bachelor of Architecture (B. Arch) - Duration : 5 Years

Eligibility — The candidate must have passed 10+2 with PCM/10+3 diploma with Mathematics as a subject, completed from a recognized educational board with a minimum aggregate score of 50 % and valid NATA.

Highlights

- High-end Building Labs
- Nationally Acclaimed Faculty
- Most Relevant Digital Designing Softwares
- State-Of-The-Art Digital Studio
- Placement Assistance
- Experiential Learning

What is NATA?

National Aptitude Test in Architecture

NATA is a qualifying examination for admission into the Bachelor of Architecture program. Reservation is a prerogative of the counseling/ admission authority of an institute and does not come into the ambit of the NATA Examination. NATA Application has to be filled Online at the official NATA portal.

National Aptitude Test in Architecture (NATA) : <http://www.nata.in>

Career Opportunities

Architecture offers diverse and rewarding career opportunities in India for both diploma and graduate holders. Diploma graduates can begin their careers as architectural assistants, CAD technicians, site supervisors, drafting professionals, and construction coordinators, supporting design and project execution activities. Graduates with a Bachelor of Architecture (B.Arch) can pursue roles as architects, urban planners, landscape architects, interior designers, project managers, sustainability consultants, and building information modeling (BIM) specialists. They can find employment in architectural firms, real estate companies, construction organizations, urban development authorities, government agencies, and design consultancies. With India's growing focus on smart cities, sustainable infrastructure, and urban development, architecture professionals are increasingly in demand and can also establish their own design practices or pursue higher studies and research opportunities.

- Government Sector
- Architecture BIM
- Architectural Journalism
- Parametric Architecture
- Energy Efficient and Sustainable Architecture
- Landscape Architect
- Architect and Interior Design

Student Placements

Dev Bhoomi School of Architecture provides dedicated placement assistance to help students build successful careers in the field of architecture. Through its Training & Placement Cell, the university connects students with leading architectural firms, construction companies, urban development organizations, and design consultancies. The school emphasizes practical learning through studio-based education, site visits, internships, live projects, and industry interaction, ensuring that students develop the technical expertise, design thinking, and professional skills required by the industry. This comprehensive approach prepares graduates to excel as architects, planners, and design professionals in a competitive and evolving built environment.
