Aligned SDGs

Rationale for SDG Linkage

Linked to SDG 4 (Quality Education) by delivering practical tech training, mentorship, and skill-building for innovative learning.

Objectives of the Activity

The event aimed to provide hands-on coding and project development experience while enabling networking with industry experts. It sought to offer prizes, internships, or funding opportunities and enhance problem-solving skills through new technologies.

Description of the Activity

Teams of 3-5 members tackled real-world problem statements in AI, cybersecurity, FinTech, and more during non-stop innovation sessions. It included mentorship, prototyping, and pitches to experts after GitHub/LinkedIn-based selection.

Outcomes of the Activity

Participants built prototypes, gained industry insights, and competed for a ₹1,00,000+ prize pool with consolation awards. The hackathon fostered startup mindsets, teamwork, and scalable tech solutions among 250+ attendees.
