### Alligned SDGs

### Rationale for SDG Linkage

The workshop focused on enhancing faculty understanding of NEP-2020, which aims to improve the quality, inclusiveness, and effectiveness of higher education. This directly contributes to SDG-4 by promoting quality education through curriculum reforms, pedagogy innovation, and academic capacity building.

### Objectives of the Activity

- To familiarize faculty members with key provisions of NEP-2020
- To discuss curriculum restructuring and outcome-based education
- To enhance teaching–learning practices aligned with national education reforms

### Description of the Activity

The Regional NEP Workshop (FDP) was conducted over two days to provide in-depth insights into the National Education Policy 2020. Expert speakers elaborated on policy objectives, multidisciplinary education, credit framework, and assessment reforms. Interactive sessions encouraged faculty participation and discussion on practical implementation at the institutional level.

## Outcomes of the Activity

- Faculty gained a clear understanding of NEP-2020 provisions
- Improved readiness for implementing curriculum and pedagogical reforms
- Strengthened academic planning aligned with national educational goals
